About...

CT Center for Primary Care:

The Connecticut Center for Primary Care (CCPC) was founded in 2002 by ProHealth Physicians as a 501(c)(3) not-for-profit organization. CCPC studies models of care, including care coordination, quality improvement, patient safety, and disease-specific research on children's health, senior health, and chronic diseases.

Make a tax-deductible contribution to sponsor the 4th Annual Primary Care Summit, a specific program or student project. For more information, go to: www.centerforprimarycare.org

Primary Care Coalition of CT:

As a result of the 1st Annual Primary Care Summit, a group of health care professionals from across Connecticut united to help build and promote a more effective system of primary health care for Connecticut. This group, called The Primary Care Coalition of Connecticut, is a primary care advocacy group who believe that primary care must play a central role in a redesigned health care system that meets the needs of the people of Connecticut.

Research, Education, and Innovation*

Keynote Speakers and Agenda

About the Speakers:

Richard Baron, M.D., M.A.C.P., is the Group Director, Seamless Care Models, at the Innovations Center at CMS. Before joining CMS, Dr. Baron practiced general internal medicine at Greenhouse Internists, P.C. Dr. Baron served as Chief Medical Officer of Health Partners from 1988 to 1996. Dr. Baron is board certified in geriatric medicine and internal medicine. He is past Chair of the American Board of Internal Medicine's Board of Directors and currently a Trustee of the ABIM Foundation. Additionally, he has been a member of the National Committee for Quality Assurance Standards Committee since 2005. Dr. Baron was awarded the Pennsylvania Laureate Award and was named a Master of the American College of Physicians in 2010. He was named "Practitioner of the Year" by the Philadelphia County Medical Society in 2010. Dr. Baron received an English degree from Harvard and his medical degree from Yale.

A. John Blair, III, M.D., F.A.C.S., CEO of MedAllies, is a health care and technology executive with broad experience across the health care industry. MedAllies facilitates physician adoption of health information technology and integrates the health care community to facilitate care coordination, patient-provider communication, public health and quality reporting; it was one of only seven sites selected by the Office of the National Coordinator for Health IT (ONC) to launch a Direct Project pilot. He serves on the Privacy and Security Workgroup and the NHIN Workgroup of the Policy Committee of the ONC. He co-chairs the HIE workgroup for the Certification Commission for Health Information Technology, is a member of the NCQA Committee on Performance Measurement, and serves on the Health IT Advisory Committee for the National Quality Forum. Blair is also president of the Taconic Independent Practice Association.

Eric B. Larson, M.D., M.P.H., M.A.C.P., is Vice President for Research, Group Health and Executive Director of the Group Health Research Institute. A graduate of Harvard Medical School, he trained in internal medicine at Beth Israel Hospital, in Boston, completed a Robert Wood Johnson Clinical Scholars and MPH program at the University of Washington, and then served as Chief Resident of University Hospital in Seattle. He served as Medical Director of University of Washington Medical Center and Associate Dean for Clinical Affairs from 1989-2002. His research spans a range of general medicine topics and has focused on aging and dementia, including a long running study of aging and cognitive change set in Group Health Cooperative - The UW/Group Health Alzheimer's Disease Patient Registry/Adult Changes in Thought Study. He has served as President of the Society of General Internal Medicine, Chair of the OTA/DHHS Advisory Panel on Alzheimer's Disease and Related Disorders and was Chair of the Board of Regents (2004-05), American College of Physicians. He is an elected member of the National Academy of Sciences Institute of Medicine.

| Time | Session | Speaker |
|-------------------|--|---|
| 1:00-1:45 pm | Registration/Networking | |
| 1:45-2:00 pm | Introductions – afternoon program | Jonathan Rosen, MD, FACP |
| 2:00-3:00 pm | The new role of CMS' Center for Innovation <i>How is the Innovation Center modeling and driving the revolution in healthcare coming over the next decade?</i> | Richard Baron, MD, MACP |
| 3:00-4:00 pm | Medical Home – Speaking from Experience <i>GHRI works with Group Health providers and administrators to create a two-way "learning health care system." How has the research institute demonstrated the efficacy of the Medical Home model? How can we generalize those innovations?</i> | Eric B. Larson, MD, MPH, FACP |
| 4:00-4:30 pm | Break | |
| 4:30-5:30 pm | Breakout Sessions | |
| Session A: | Palliative Care in Primary Care Practice — Team Approach (CME) <i>David Ross Russell, MD; Pat O'Conner, APRN</i> <i>End of Life Care is complex, challenging and cross disciplinary. How can we adequately educate our primary care practitioners to meet the challenge?</i> | |
| Session B: | Panel: Healthcare Reform in Connecticut – How do we guide change? Invited panel members include Lt. Governor Wyman <i>How will Connecticut's response to Healthcare Reform change the landscape for patients and primary care providers? How will providers cope with these changes and who will assist them? An expert panel weighs in on those issues</i> | |
| Session C: | Panel: Leadership through Volunteerism? <i>Changes to practice work flow with the incorporation of Electronic Health Records and new models of care take time, money, and energy. Yet, these panel members continue to volunteer their time to provide care to communities in need. What drives them? Can they energize others to follow their lead?</i> | |
| 5:30-6:30 pm | Reception - Hors d'oeuvres | |
| 6:00-6:15 pm | Primary Care Leadership Award | |
| 6:30-8:00 pm | Dinner served | |
| 6:30-7:00 pm | Primary Care Coalition of CT <i>PCCC progress report presented by Chairman and Health Policy Intern</i> | Todd Staub, MD Jessica Johnson, MD/MPH Cand. |
| 7:00-8:00 pm | Leading by Example <i>The health care community looks to the medical home as the foundation for new and more accountable systems of health care delivery. Dr. Blair knows first-hand what it takes to help primary care practices make the transformation to more patient-centered, efficient care delivery. How can we learn from and disseminate that expertise?</i> | A. John Blair, III, M.D. |
| 8:00 pm | Meeting Adjourns | |
